EDUCATION

University of Waterloo   **Waterloo, Canada**
Pursuing a Bachelor of Global Business & Digital Arts with Computing minor   *2023- Present*

SKILLS

Programming/Tools: Python, JavaScript, HTML/CSS, Figma, Prototyping, Adobe Creative Suite
Soft Skills: Creativity, Communication, Problem-solving, Time management, Emotional intelligence, Digital technology proficiency, and Designing skills.

EXPERIENCE

Rem And Company   **Kitchener, Canada**
Co-president   *Feb 2024 – Present*
- Launched and co-led the Rem on Campus chapter at the University of Waterloo, providing small business consulting
- Coordinating with cross-functional teams to align chapters, and developing resources and events that foster entrepreneurship and consulting skills for students.
- Held primary responsibility for chapter operations, managing project timelines, quality control, and communication with clients and stakeholders to ensure impactful, professional deliverables.

Rotary International   **Mississauga and Malton, Canada**
Coding Instructor   *May 2021 – Sep 2021*
- Created and delivered an engaging curriculum, including lectures, beginner and intermediate Python exercises, and projects. Provided individualized support to students to ensure comprehension skill development.
- As a team lead, I organized meetings provided constructive feedback, and implemented strategies for improvement.

Hackathons   **In-person and Virtual**
Hacker and a Mentor   *May 2021 – Present*
- Participated and Competed as a hacker in 20 hackathons across Canada, collaborating with teams to develop innovative software solutions within tight deadlines.
- Honed communication and collaboration skills by effectively communicating ideas in a teamwork setting, delegating tasks, along with my front-end and designing skills.

Student Ambassador   **In-person at Waterloo**
Campus Housing @UWaterloo
- Lead in-person campus tours to future students and work at Fall and March Break Open House, the Ontario Universities' Fair, and You @ Waterloo Day.

PROJECTS

Ignite   *Aug 2021*
- Won 2nd place winner at the University of Waterloo's First Women+ in Tech Hackathon, where teammates and I built a gamified habit-tracking app.

Electro Waste Location App   *Jan 2022*
- Developed an award-winning app idea and crafted a prototype using Figma to assist users in locating nearby facilities for the safe recycling of electronic components.

ACCOMPLISHMENTS

- Received a *Merit Award* for exceptional dedication to academic pursuits, maintaining a high average, engaging in extracurricular activities, and making significant contributions to community service.
- **Won the Best User-Interface** at the Google Developer Student Hackathon at the University of Guelph
- Completed Quantum School for Young students (QSYS) at UWaterloo:Certificate
- Succesfully completed the **Belive Leadership course** accomplishing skills such as confidence, Resilience, and Discipline.
- I've been selected as the **Lead Designer** and **Marketing Strategist** for Hack Canada, the first-ever Canadian hackathon dedicated to solving national issues.
